

Decision of the FMJD Executive Council on suspension of draughts players for violating decision of the FMJD Executive Council.

1. On its meeting of 16th September 2024 FMJD Executive Council decided that from October 1st onwards FMJD will disqualify players and referees for one year if they will have:

- 1.1. participated in draughts events and tournaments in the Russian Federation or Republic of Belarus;
- 1.2. participated in draughts events and tournaments of the International Draughts federation (IDF).

On its meeting of 11th August 2025 FMJD Executive Council decided to suspend players who have either played in the IDF tournaments or in tournaments in Russian federation or Belarus from participation in all FMJD events (World championships, World Cup tournaments and other FMJD authorised events) and continental championships until 31st July 2026. Decision of the FMJD Executive Council also means that tournaments with participation of any suspended player will not be included into the FMJD tournament database and as a consequence tournament results will not be valid for a calculation of ratings and scoring of norms.

List of suspended players is provided below.
